COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The town books closed last week finding us experiencing more than usual difficulty meeting our commitments due to unpaid taxes or payments made so late we were unable to get the funds deposited before the bank closed last Thursday.

We have compiled a list of unpaid resident taxpayers and find an increase of approximately \$10,000 over 1969. As of Thursday the non-resident list has not been completed but all indications are this will show an increase. One element that stands out is the fact we offer a favorable interest rate which creates an inducement to some to hold their tax money for other purposes. This is done by some larger taxpayers who can realize considerable savings using our money rather than pay lending institutions the prevailing rates.

The only solution appears to be for the town to change the date interest starts on unpaid taxes. This should bring in the revenue we must have to pay our expenses during the current year.

PARENT TEACHERS FORUM TO INITIATE CROSS-COUNTRY SKI PROGRAM, GRADES 2-4

It is the aim of the Bethel PTF to initiate an afternoon cross-country skiing program for pupils in grade 2-4. Interested mothers will have the opportunity to get out for the afternoon and learn a new activity along with the children.

The Sunday River Ski Club has provided their equipment for this program. However it is anticipated that additional equipment will be needed. Cross-country skis can be made from wooden skis. If you have wooden skis of any size which will no longer be used for downhill skiing, donation would be worthwhile. Please leave skis you wish to donate at Don Feeney's barn — next to Angevine's Ski-doo Sales.

BRYANT POND MILL CLOSÉS AFTER 100 YEARS OPERATION

After 100 years of operation at Bryant Pond, L. M. Mann and Son closed its doors on Thursday, Dec. 31.

The wood working company was founded by Lewis M. Mann and Walter E. Mann in 1870. The major product was bale handles used on paint cans and other containers.

Due to the increase of plastics in the handle business, wood handles have been used less and less, according to Mrs. Gertrude Andrews, company treasurer.

A second mill owned by the Mann family in West Paris is scheduled to be closed in the middle of February.

Officers of the L. M. Mann & Son Company are Earle A. Palmer, Jr., President; Mrs. Edwina Palmer, Vice-President; Beatrice Jackson, Secretary; and Mrs. Gertrude Andrews, Treasurer. Earle E. Palmer has been plant manager.

"OPERATION HEART" AIMED TO EDUCATE PUBLIC

Oxford County's two hospitals, Rumford Community Hospital of Rumford and Stephens Memorial Hospital of Norway, are joining in a month-long campaign launched Wednesday to improve the public's understanding of heart attacks and what causes them, how they can be prevented, and what to do when they occur.

This information campaign will be part of a statewide effort planned for the month of January by the Maine Hospital Association through its public relations committee, and by physicians and other members of the Maine Heart Association. Mrs. Dennis Whitley, Director of Public Relations at Stephens Memorial Hospital, and Mrs. Rosabelle Tiff, Director of Public Relations at Rumford Community Hospital, are both members of the Committee on Public Relations for the Maine Hospital Association.

Designated "Operation Heart," the campaign is designed to clarify for the public the fact that hospitals can now help most people who enter during or after heart attacks, and that those saved can lead normal lives. Among thousands of others, former Presidents Eisenhower and Johnson are prime examples of heart attack victims who recovered to live long lives under great stress and responsibility.

According to Harold Osher, M. D., vice president of the American Heart Association, and Portland cardiologist, it is estimated that 750,000 Americans die each year of heart attacks. Many more have heart attacks and live chiefly because they were hospitalized promptly. Delay is the chief culprit in the heart attack problem. At least half the heart

FIRST LA LECHE LEAGUE MEETING ON MONDAY, JAN. 11

"Advantages of Breastfeeding to Mother and Baby," the first in a continuing series of four discussion meetings sponsored by the Oxford County area group of La Leche League, will be held on Monday, Jan. 11, 1971, 7:30 p. m. at the home of Mrs. Edwin Cummings, 21 Beal St., Norway. The meeting is open to nursing mothers and their babies, as well as pregnant women and other women who are interested. For directions and further information, please call Group Leader, Mrs. Denis Corrin, Bryant Pond, telephone "Bryant Pond 1 ring 23."

La Leche League may be called at any time for immediate help, encouragement and practical suggestions regarding breastfeeding. Helpful literature, including information about the manual, "The Womanly Art of Breastfeeding," and other La Leche League groups, is available on request.

Deaths occur within the first four hours, with the first hour the most critical by far.

The Rumford and Norway hospitals will attempt to familiarize the county with the heart attack symptoms, and to act quickly if they occur, getting to a hospital as soon as possible. These special care units are dramatically reducing in-hospital deaths from heart attacks. A number of these units have been established in Maine hospitals over the past five years and effective help for the heart patient now exists in all of the major cities and towns, well within reach of most Maine people.

Both hospitals in Oxford County
